

R47v0 Ref page : Solver Result Codes

Real solver

Result code	Meaning
0	(Normal result, TI's are shown)
1	Large Δ and opposite signs, may be a pole
2	Solver reached local extremum, no root
3	≥ 1 initial guess lies out of the domain
4	The function value look static constant
5	No root found

Complex solver

Result code	Meaning
0	(Normal result, TI's are shown)
5	No root found
200	Root found and conjugate confirmed
