

<b>C47 Solver Result Codes</b>
--------------------------------

Real solver

Result code	Meaning
0	(Normal result, TI's are shown)
1	Large $\Delta$ and opposite signs, may be a pole
2	Solver reached local extremum, no root
3	$\geq 1$ initial guess lies out of the domain
4	The function value look static constant
5	No root found

Complex solver

Result code	Meaning
0	(Normal result, TI's are shown)
5	No root found
